

Portraits for Pups

We're supporting local shelters to find senior dogs their forever homes.

Senior Dogs in the Spotlight

We're raising awareness about senior dog adoption by featuring shelter dogs with photos from JCPenney Portraits by Lifetouch. We have partnered with shelters in your area to give these twilight pups a happy home.

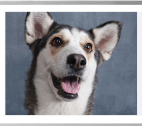

Why adopt a senior dog

Older dogs are 60% less likely to be adopted than younger pups. They're full-grown and have fewer bad habits. And, just look at that face!
